

Deep Clean

Our deep clean is more detailed than our regular clean – with all of the same inclusions plus a little extra, it's great for the home that might have built up dirt and grime. The deep clean is a great option if you're looking to have guests over or you just want to play catch up and get your home up to scratch before committing to our regular clean. The size of your home will determine exactly what can be achieved within your desired time frame. We allow for a minimum of 4 hours, which works well for 2 – 3 bedroom & 1 – 2 bathroom homes. Homes with more than 3 bedrooms or more than 2 bathrooms may need an additional 1 – 2 hours added onto the service. Depending on what your goals and needs are within your timeframe, we can perform the following tasks:

Kitchen / Living / Dining:

- General tidy
- Dust, spray and wipe all surfaces including benchtops, exterior cupboards and hard furniture
- Scrub and detail stove top, splashback and kitchen sink
- Microwave clean
- Vacuum and mop all floors

Bathrooms:

- Scrub shower tiles and shower screens
